EXPERIENCE

Mall91, Delhi, India — *Full Stack Intern*

May 2020 - July 2020

- Built a full stack synchronised music player from scratch using Vue and Node.
- Used input from superiors to develop and modify features to meet client specifications.

The Indian Express, Delhi, India — *Audio Intern*

August 2018 - October 2018

- Worked on the podcast team.
- Learned how to use industry standard software such as oTranscribe, ProTools etc.
- Got hands-on experience of interviewing people.

The Dollar Business, Delhi, India — *Editorial Intern*

January 2018 - April 2018

- Wrote articles focussing on the foreign trade sector of the economy.
- Edited and fact-checked articles and interviews.

PROJECTS

Synchronised Music Player — *WebApp*

- Users in the same room within the application can enjoy listening to the same music at the same time.
- Frontend built with Vue and backend handled with Node. Music was pulled from SoundCloud using their API.

Quotes — *API*

- API built with Node.js and Express which fetches quotes from a Mongo database. Supports most contemporary authors.

Twitter Bot — *Bot*

- Tweets out predetermined messages at regular intervals. Built with Node.js.
